

**GREEN at BiciMiPiaci, within the European Mobility Week initiatives.**

**Mrs Ornella Vacca with some students of Duca degli Abruzzi**

On September 17th at Elmas, Cagliari, a group of students of the school Duca degli Abruzzi, together with the teachers Mrs Vacca and Mr Meloni, joined the BiciMiPiaci bike tour around the beautiful Santa Gilla wetland.

The BiciMiPiaci event was one of the many organized within the European Mobility Week. Teachers and students introduced other schools' students and other bikers to GREEN network and promoted the possibility to become GREEN members in the next future.

The European Mobility Week is the perfect opportunity to present sustainable mobility alternatives to citizens, to explain the challenges that cities and towns are facing in order to induce behavioural change and make progress towards creating a more sustainable transport strategy for Europe.

Since 2002 European Mobility Week has sought to influence mobility and urban transport issues, as well as improve the health and quality of life of citizens. The campaign also gives citizens the chance to explore what the role of city streets really is, and to explore concrete solutions to tackle urban challenges, such as air pollution, which is one of the great environmental problems, only one of the core issues of GREEN mission.
